

## **Sigrid Gray**

1921-2018

Biology, chemistry,  
and geography teacher

We mourn the loss of our former teacher, Ms. Sigrid Gray, who passed on Sunday, September 23rd, 2018 at the age of 97. In her 14 years working at our school (1970 - 1984) as a teacher of biology, chemistry, and geography, she was popular with students and teachers. Ms. Gray was always pleasant and balanced in her approach to life and teaching. This past summer, she visited our school one last time and among other areas, she was impressed with our science building that did not exist back in her days of teaching.
